### Construction

1. Cut the orange paper into 3 equal parts to cover the DL card.
2. Attach the various ribbons along the seams of the paper and down one side.
3. Tie a bow with the remaining ribbon and glue to existing ribbon on the card.
4. Stick child's name and age to a piece of plain orange paper and border with patterned yellow paper. Attach to card with 3D mounting tape.
5. Attach embellishment to the card with 3D mounting tape.

#### Wendy's Tip:

*We all loved this card when I made it for Amy's 2nd birthday. It's one of those cards that you can change to your own taste and colour schemes. Finding the right embellishment will be your hardest task as it has to be long and thin to fit down one side of the DL card. You will be amazed at how great it will look with your own special touches on it. Give it a try!*
